July 1, 2008

### **RoHS Compliance Statement**

The European Union (EU), in an effort to protect human health and reduce environmental pollution has approved EU Directive RoHS 2002/95/EC to restrict the use of:

- Lead (Pb)
- Cadmium (Cd)
- Polybrominated Biphenyl (PBB)
- Pentabromodiphenyl ether (PentaBDE)
- Decabromodiphenyl ether (DecaBDE)
- Mercury (Hg)
- Hexavalent Chromium
- Polybrominated Diphenyl ether (PBDE)
- Octabromodiphenyl ether (OctaBDE)

Furthermore, the Directive states that member countries of the European Union Council shall insure that new equipment sold after July 1, 2006, is compliant with RoHS.

RAF Electronic Hardware would like to state that as of July 1, 2006, all of our raw materials, steel, stainless, brass, aluminum, nylon, teflon and phenolic are all in compliance with the Directive.

Also, all of our plating codes are RoHS compliant with the following exceptions:

- -1 (Cadmium Commercial)
- -2 (Cadmium Clear Chromate)
- -3 (Cadmium Yellow Chromate)
- -6 (Gold Iridite)
- -9 (Alodine 1200)
- -15 (Hot Tin Dip)
- -27 (Electro Tin Solder 60/40)

You can be assured that we, here at RAF, have experienced a smooth transition, and will be able to insure a continuous flow of product and continue to maintain a high level of service to our customers.

If you have any questions or concerns, please contact us immediately at [RoHS@rafhdwe.com](mailto:RoHS@rafhdwe.com).

Sincerely,

Pamela J. Desaulniers
